

Seeing the Resurrection and *Seeing* the Resurrection

1. How can people “see” the truth about Jesus today, and yet not “see” it? What prevents people from truly seeing Christ? What causes others to see?
2. What “signposts” did the Lord use in your life to bring you to really “see” and place faith in Jesus and His resurrection?
3. How do people rationalize away the resurrection of Jesus today? Why is Jesus’s physical resurrection so important to our faith?
4. “As a Christian, your best days are always yet to come.” How does this truth help you in specific situations you are facing in your life right now?
5. In your prayer time, praise God for giving you eyes to “see” and believe in the resurrection of our King.
